SARRA MOUSSELMAL

My name is Sarra Mousselmal , I'm from Algeria, I'm 21 years old, I have a bachelor's degree in computer science from the university ibn Khaldun Algeria, concerning my work experience I have over 3 years of experience as a Web developer I have passion for responsive website design. Implemented new responsive website approach Deeply knowledgeable in a wide variety of computer languages, including HTML5, JavaScript and PHP and understands principles and techniques of initial website construction I'm excited to take on some larger projects. I want to continue to develop my skills as a web developer and to prove that I'm able to take on multiple projects at one time. Furthermore, I think the scale and importance of these projects can push me to develop professionally and can help me meet my full potential.
